

# Sparta Academy Accreditation Program

## Demonstrate Your Expertise

In today's world, Sparta Systems' customers require IT resources that have in-depth TrackWise and TrackWise Digital knowledge and a proven ability to meet their QMS software needs. As part of the Sparta Academy Accreditation Program, Sparta Systems offers a variety of accreditation opportunities to our customers' TrackWise and TrackWise Digital administrators, collaborators and super users. These accreditations demonstrate your expertise and validate your skillset, giving you a distinct advantage in the marketplace.

## Why Earn Your Sparta Academy Accreditation?

- 1** Demonstrate credibility for your TrackWise or TrackWise Digital expertise, which can be vital to any Quality Management career path, differentiating you as an expert in your field and industry.
- 2** Accelerate and transform your career by being your organization's go-to resource for the latest releases and features, ensuring your quality teams can perform at peak productivity.
- 3** Improve productivity and processes by being in the know through ongoing training and exposure to industry-standardized quality workflows.
- 4** Drive TrackWise or TrackWise Digital user adoption and dramatically increase the ROI of your organizations' Enterprise Quality Management Systems.

## The Accreditation Process

Sparta Academy offers accreditations by skill level and area of expertise. Each accreditation is achieved by attending the appropriate training courses, and then passing an online, virtually proctored accreditation exam\*.

Sparta Academy students may attend training in Sparta's New Jersey classroom location, at your organization's location, or via live instructor led eLearning.

*\* Student must have a passing score of 75% on the timed online exam. If a student does not pass the exam, the student is not eligible to sit for the exam until 30 calendar days have passed.*

## Build a Culture of Quality

We recommend that all students start with the Core Accreditation for TrackWise or TrackWise Digital, which is designed to ensure students have a strong working knowledge of how to configure and implement TrackWise/TrackWise Digital, how to manage TrackWise/TrackWise Digital for an organization, and how to use TrackWise/TrackWise Digital from an end user perspective.
